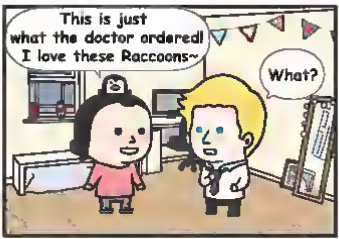
The Raccoon Slippers

I've told you this a few times before.

It sometimes seems as though Mev is not normal.

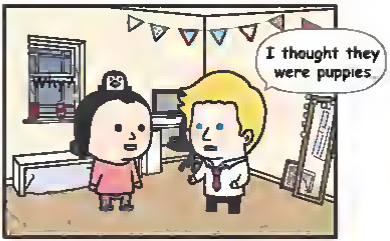
As the weather has been changing colder recently,...



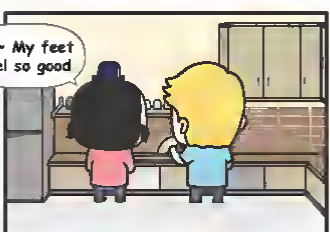
I really liked it but....

... I asked Mev to buy me a pair of warm slippers.

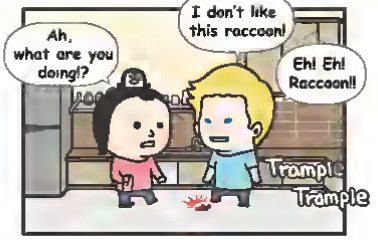
The slippers that Mev bought for me were very cute raccoon slippers.



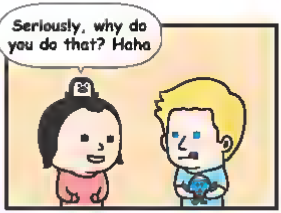
... Mev said he thought they were puppies, not raccoons.



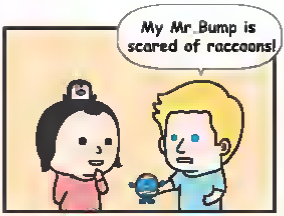
Since that time,...



Mev has attacked my raccoons
when ever his eyes catch them.

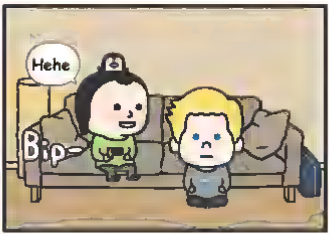


He told me that the reason was...

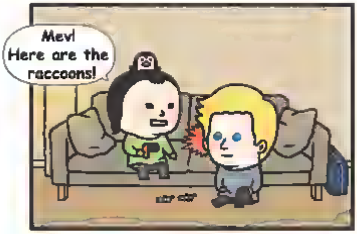


because his favourite character doll is scared of raccoons.

What a great reason!



But I can't deny that
after I've been watching his silliness
for a while,...



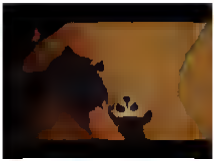
I was very curious about how he would react.

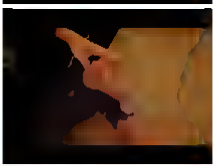
And I recorded him secretly.

I was laughing too much so I didn't record this very well. Can I record it one more time, please?
Nope!

First, I don't like recording feke videos and second...
Why? Why not?

Your slipper doesn't taste nice
..... I'll admit that





I keep on watching it whenever feel down.

You will get what I mean if you watch the video on my vlog.
